**Hiller Aviation Museum**

**Aviation Camp 2021**

**Summer Adventures in Flight!**

Children entering Grades K-5 discover the world of a week-long day camp program! Each topic includes hands-on science and engineering activities, realistic flight simulation, exploration of real aircraft and more in a fun small group setting.

**Air & Space**

Discover the universe and the science of flight!

**Robo Mechanics**

Experiment with drones and robots in an adventure in engineering!

**Physics Flyers**

Investigate the science and wonder of flight!

Sessions meet Monday-Friday 9 AM - 4 PM at the Hiller Aviation Museum in San Carlos. Late pickup is available for an additional fee. Additional topics for Grades 5-7 and Half Day programs for Grades K-5 are also available. All Aviation Camp sessions are presented in compliance with state and county health orders. Visit www.hiller.org for more information.

mounted to the main rotor shaft at 90 degree angles to the rotor blades. This

design point was an unusual rotor control configuration that extended far beyond the

limits of the 1940s and early 1950s. The Hiller XH-44 was the first all-metal, light,

varnished wood helicopter and the first mass-produced helicopter in the US. Able to

commander of the Helicopter School at Fort Rucker in the late 1950s and early 1960s.

**WEDNESDAY FAMILY EVENTS**

**SPECIAL EVENTS AT THE HILLER AVIATION MUSEUM**

Join us on the west side of the runway starting at 11am on July 21st! Special events and programs for kids and their families are offered each Wednesday, and governed by any guidelines required by local or national health orders.

**SPECIAL NOTE**

Events and/or formats are subject to change if required by public health orders.

**WEDNESDAY, JULY 21 & AUGUST 4, 11 AM & 1 PM, SATURDAY, JACX 10**

Champion paper plane maker John Collins shares the history and techniques of paper planes with hands-on fun. Watch open airplane cockpits, handle real aircraft and much more! 

**PERFECT PAPER PLANES**

**WEDNESDAY, JULY 14 & AUGUST 18, 1 PM**

Our friends, the Happy Birds! This unforgettable group of birds and their counterparts demonstrate remarkable bird behavior and amazing trained tricks and abilities.

**WATER ROCKET RALLY**

**WEDNESDAY, JULY 21 & AUGUST 4, 11 AM & 1 PM**

Have a blast exploring the world of rocket propulsion! 

**KIDS’ CARNIVAL**

**WEDNESDAY, JULY 21 & AUGUST 4, 11 AM & 1 PM**

Open weekend, all day event! Explore open airplane cockpits, hand-on fun with flying paper airplanes, build a paper plane and watch unique designs take flight.

**OPEN WEEKENDS 11 AM - 3 PM**

Enjoy hands-on fun for all ages at the Hiller Aviation Museum’s Inventors Lab! Open weekends and weather permitting. 

**POPEYE BUILD-PARTY**

**THURSDAY, JULY 22**

This week, we’re building the Popeye! We will have the familiar sunny green color scheme, the curly tail, the silver cap, and even the red hair! 

**FALL/WINTER AVIATION CAMP SUMMER PROGRAMS**

**NEW!** Explore flight this summer at the Hiller Aviation Museum’s Avionics and Innovation Camps! Kids can enter the world of flight simulation, flight simulation, hands-on engineering projects, ROBOS, drones and much more.

**PALO ALTO SCHOOLS**

**FIELD TRIP**

**JULY 22-23**

Join us for an exciting visit to the Hiller Aviation Museum! 

**SPECIAL EVENTS AT THE HILLER AVIATION MUSEUM**

**AVIATION CAMP 2021**

**KIDS MEET DRONE PILOTS**

**JULY 14, 11 AM & 1 PM**

The kids are back in town for the annual Kids Meet Drone Pilots event! Meet a professional drone pilot and learn about the drone industry.

**HEROIC ROBOS**

**JULY 20, 11 AM & 1 PM**

Explore the world of robotics and learn the basics of programming. 

**THE MAX**

**JULY 21, 11 AM & 1 PM**

Get up close and personal with a single engine training aircraft. 

**HILLER AVIATION MUSEUM**

**JULY 28, 11 AM & 1 PM**

This week we’ll fly our popular Hiller design served in a similar role in both World War II and the Korean War. It proved to be highly popular and is on display in the main exhibit hall.

**FLY THE WILDERNESS**

**AUGUST 4, 11 AM & 1 PM**

Meet the Happy Birds! This unforgettable group of birds and their counterparts demonstrate remarkable bird behavior and amazing trained tricks and abilities.

**FIVE DAYS OF FLIGHT**

**AUGUST 21-26**

**EXTENDED**

**FALLOUT**

**AUGUST 28, 11 AM & 1 PM**

This is the perfect opportunity to fly a vintage propeller plane or a replica of a World War II aircraft in a real airfield.

**SPECIAL EVENTS AT THE HILLER AVIATION MUSEUM**

**D.I.Y. SPOTLIGHT**

**JULY 27, 11 AM & 1 PM**

Have a blast exploring the world of rocket propulsion! Learn about how the energy of a rocket propels a vehicle into space.

**SPECIAL EVENTS AT THE HILLER AVIATION MUSEUM**

**KIDS MEET DRONE PILOTS**

**JULY 14, 11 AM & 1 PM**
