JOIN US AND INSPIRE THE NEXT GENERATION OF ADVENTURERS

With the Hiller Aviation Museum, your organization **will find a committed partner to help grow your brand and showcase your name within the community.** We will work together and market our partnership to best suit the needs of your organization.

THE FUTURE

Over the next five years, the Hiller Aviation Museum **will grow to serve 115,000 visitors** annually from our current 95,000. We will continue to debut new exhibits and add to the quality educational programing currently in place.

Since opening in 1998 **more than 1.2 million people have visited the Museum, including close to 500,000 youth.** Our science, technology, engineering, math, and aviation programs have impacted over 160,000 K-12 students on school field trips since 2006. Each year, thousands of students from low-incomes families visit the Museum for little or no cost through our school Field Trip Assistance Program.

VOLUNTEER

The educational programing provided by our expert education team presents **unique opportunities for your employees to volunteer with students** from various schools around the Bay Area.

The Hiller Aviation Museum is **53,000 square feet** and includes a full gallery, mezzanine, atrium, theater, courtyard, and conference room, each with their own character and function. We have various audio visual options available for use, including lighting, projector screens, and sound systems.

The Hiller Aviation Museum was founded by helicopter pioneer Stanley Hiller Jr. in 1998 with an emphasis on the historical importance of Bay Area aviation innovation. We use aviation as a gateway for people to embrace adventure and innovation while using tools of science to explore how the physical world works and how the dream of flight is made into reality.
