Scouts can complete their requirements for the Aviation, Weather or Astronomy Merit Badge through special one-day programs at the Hiller Aviation Museum in San Carlos. All programs include:

- Admission to the Hiller Aviation Museum
- Aerodynamics and Weather Presentations in an Aviation-Themed Environment
- Flight Simulation Missions in the Flight Sim Zone

Aviation Badge participants build and fly model gliders, inspect the Museum’s Cessna Cardinal, and complete an Air Traffic Control simulation. Weather Badge participants complete weather experiments including lightning and tornado formation and construction of a weather station. Astronomy participants observe the Sun and Moon with telescopes, build a working sundial, learn to identify constellations in a planetarium and more!

Merit Badge programs are offered on the following Saturdays during 2019-2020:

<table>
<thead>
<tr>

Aviation Badge participants complete all requirements on the day of program and have their blue cards endorsed onsite. Astronomy and Weather Badge participants must complete follow-up observation programs using tools provided during program. When finished, observations and blue cards may be submitted to Merit Badge Counselors at the Museum by mail for endorsement.
