

Hiller Aviation Museum Exhibit Safari

# California Aviation History

The Golden State Takes Flight

My Name: \_\_\_\_\_

Visit Date: \_\_\_\_\_

Welcome to the Hiller Aviation Museum! Your mission is to scour the main Exhibit Gallery of the Museum on a search for answers to the following questions. All of the answers can be found in the Atrium or on the main floor of the Gallery. Stay with your chaperones and have fun!

1. The 1911 Tanforan Air Meet was held near the major city of \_\_\_\_\_, California.

2. A larger version of the Marriott Avitor was intended to carry passengers from New York to California for what purpose?

\_\_\_\_\_

3. Professor John Montgomery designed his gliders and taught aeronautics at what Bay Area university?

\_\_\_\_\_

4. The Black Diamond Airplane was built in the shipyards of \_\_\_\_\_, California, and first flew near the modern town of \_\_\_\_\_.

5. Where in California did the first transcontinental (Atlantic to Pacific) flight end in 1911?

\_\_\_\_\_

6. The 1928 Travelair "Pepsi" plane flown by \_\_\_\_\_ set an endurance record in 1929, flying for \_\_\_\_\_ hours before landing at Oakland Municipal Airport.
7. The \_\_\_\_\_ helicopter factory in Palo Alto, California, built helicopters during the 1950s and 1960s.
8. SpaceShipOne landed at \_\_\_\_\_ Spaceport in California's high desert following each of its flights.
9. The Grumman Albatross flew around the world following the route taken by Amelia Earhart in 1937. Both flights started at \_\_\_\_\_ Airport in California.
10. What major body of water separates SFO and OAK airports?

---

Congratulations! You did a terrific job!
